

Tapestry

Wall Decoration

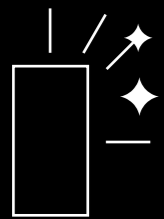

The Tapestry decorative panels made of porcelain stoneware are designed to be freely combined with the Studio and Material collections.

Authentic decoration.
Real ceramic matter.

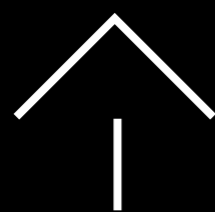

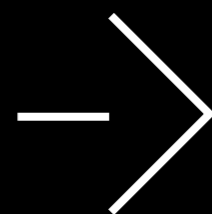

The material fineness of the third firing paired with a refined and spectacular design. Tapestry ignites your desire to decorate.

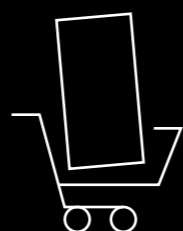

Third-fired material,
pleasing to the
touch and to the
eye.

Modules 120x60,
easy to transport
and lay. They adapt
to large and
small walls without
wastage.

Decorative modules
already available
in stock or
deliverable within
ordinary
times.

A wide assortment of
modular and
continuous
decoration, featuring
diverse moods and
inspirations

Grand decoration
made simple.

Get inspired. Find your mood.

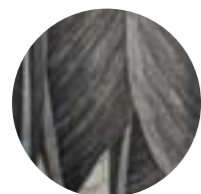

Find the style that best defines you: Tapestry is a medley of sensations that bring personality to any environment.

INFORMATION REGARDING TWO-PIECE COMPOSITIONS

Check the number of compositions needed in order to complete the design correctly: the elements must be matched up both horizontally and vertically. In the case shown, 4 compositions are needed, not 3.

TECHNICAL NOTES

All sizes are nominal. Rovic Tiles reserves the right to modify the information and the characteristics illustrated in this catalogue (which are in any case not legally binding) at any moment. The colours and appearance features of the products are as close as possible to reality, within the limitation of the printing process.

TIPS FOR LAYING AND CLEANING

The laying of ground products with joints that are close but not joined requires greater care and accuracy by the installer both as regards the planarity of the laying surface and the continuity of the joints. For an optimal effect of the laying, Rovic Tiles suggests to maintain at least a joint of 2 mm. Fill with caution the joints with mortar and apply it with caution and care, since the metals do not chemically bond with the glaze, but adhere only to the surface.

Abrasive products, concentrated acids or alkalis must be absolutely avoided for cleaning: the decoration will deteriorate if used. The use of alcohol or water with the addition of a usual light detergent for sensitive dishware does not alter the shine of the decoration or the beauty of the tile. Reflecting glazes (lustres) are characterised by the variability of the hue.

CERAMIC WIDE DECORATION

CE
EN 14411:2012
Dry pressed ceramic tile with water absorption E _w ≤ 0,5% for internal and external floorings.
